

Publications Report for 1/21/08 (Marilyn Listvan, Chair, reporting)

Publications Minutes of 1/21/08 (New York City) submitted by Marilyn Listvan The joint TC 2.03 and 2.04 Publications Meeting was held on Jan. 21, 2008 in NYC, NY and had 15 members present. (emails at the end)

A.) IAQ Proceedings CD: ASHRAE publications is still expecting our document for Special Pubs. The remaining efforts include: Scanning of IAQ proceedings is almost complete.

- | |
|---|
| <p>1. '97(?) – Design, Construction & Operation of Healthy Buildings; Solutions to Global <u>--- we need the book (from Barney Burroughs) !! C. Seyffer to scan (not started!!)</u></p> |
|---|

****ASAP deadline for scanned files back to Marilyn so she can bookmark, etc. ****

Action item : Detailed scanning instructions to all: PDF format, Scan from within Acrobat (open New.....). They need to be scanned with optical character recognition OCR (with 600 dpi) use Acrobat 7.0 OCR settings. We can use bookmarks to identify papers. ASHRAE wants each paper a separate file, then bookmarks
**Action Item: Marilyn: finished/repaired scans DUE to ASHRAE by 8/08.

<p>B.) **IAQ Applications: danger of cancellation per ASHRAE Publications Comm. SUBSCRIBE!**</p>

C.) Article topics and Authors were asked for (continued from past meetings) :

1.) Fyi: Several ASHRAE News releases relevant to 2.3 & 2.4 have been sent out lately.....

ASHRAE news releases. (Contact: [Jodi Dunlop](#) Phone: 678-539-1140

1a) Action item for 62.1 Press release: perhaps wait for Press Release after public review period.

1b) “Who is MERV?” Al Veeck provided information Marilyn & Jim Hanley & Eric Kuiper will help review information. (ML note... got from AV, status??) Action Item for Marilyn:— joint News release or IAQ Apps: “Who is MERV anyway??” (ML note: I spoke to Fred Turner, will send info).

2) K. Foarde will attempt to convert an ARTI report into an ASHRAE Journal article on UV light effects

o Action: **(Karin/Doug draft in process, submitting 7/08)**

3) G. Kerr (1) may produce a second (and third) manuscript for ASHRAE TRANSACTIONS based on work for RP-961, (Contaminants, and Barrier effects) (7/08) and

4) Gemma (2) may work on an ASHRAE (IAQ Applications) Journal article on “How to investigate Odor Problems in Real Buildings.” (12/08)

5) Nick Agopian & Tom Justice – Insights “how to” article. outline by”?

6) Action: Phil Winters keep notes on working with the ISO process and write an article on that experience. (next ISO mtg is ? (was 6/07) ...checked with Phil W.....he will write an article on the ISO “process / experience”....or “what not to do”) -- Charlie Kern could help with this (?)

7) Paulo will put together a small summary for the ISO standard (ISO TC 142....?). Maybe we can put something into Insights. **(Note ML: GPC 27P wants this ISO info as reference material -- is Bill Lull still interested in this info?)**

8) Action: “Use of Filtration in Process Applications.” Nick Agopian has info for two applications (Outdoor air for Semiconductors; Pulp & paper). **Nick is moving forward with a P&P field studies paper –Cu coupons (corrosion measures) has lab data now 1/08 –paper? ARCHIVAL interest, too? Deadline 7/08? .**

9) Need status: Jim Hanley has a paper drafted on 52.2 round robin (tech paper). **Waiting for a Symposium slot.** Action for 2.4 Program! 52.2 Round Robin results waiting for a Symposium slot.**

9a) Action Item: See if there is an interest in Jim H. **(and/or Jim Kubokawa as PMC chair?)** to prepare a paper on this 52.2 RR for Insights. Jim H. does have an executive summary already prepared. This executive summary can be used for ASHRAE Insights.

10) MVOC Res. Project Exec Summ. (Karin Foarde to write/ ML to help edit)

11) Energy Conservation using IAQ procedure article (IAQ in Schools issue?) received several detailed/ critical comments back to Fred Turner – possible response needed (Chris Muller/ Brad Stanley will do...talks were given in Long Beach.....paper status??)

12) Jerry Lampin’s talk on San Antonio schools 6/07 should be written up (with emphasis on specifics of HOW

- they achieved the improvements!! – **Action** Chris Muller / Brad Stanley (?) in the ASHRAE Journal.
- 13) Examples of using the NEW online calculator for IAQ method.? Charlie Seyffer (out to 6/08)
 - 14) FTC needs to crack down on false claims by filter devices – should this be a FORUM? seminar? Action: Would Jeff Seigel &/or Richard Corsi and/or Don Thornberg do an article?) note Calif. has legated twice the “snake Ions” vendor(s).
 - 15) 52.1 “how/ if to retire it” was discussed: ask Monroe Britt to write (for Insights?).
 - 16) Emerging Technologies papers: PCO: Catherine Jacquioid.(/ Dean T.) has an abstract for a paper for PCO applications. For PCO Symposium / TC 2.9 interested also(?)
 - 17) Emerging Technologies papers: PCO: Jeff Roseberry-- a paper for PCO applications, based on Quebec talk?
 - 18) Emerging Technologies papers: Plasma: Ron D.____(?) a paper for Plasma applications. (ML find Ron info offr Al V.)
 - 19) Indoor/Outdoor Ultrafines – Shelly Miller, et. al. 2.4’s RP-_____? Transactions paper (C. Seyffer said it was in prep).
 - 20) How to apply the IAQ method? Action: Barney Burroughs 15-building project. And/or Chris Muller/Brad Stanley???
 - 21) Jean Tetreault: “Users view – How to protect Museum collections with Gas & Particle Filtration”
 - 22) T. Justice. “Importance of Dust Holding Capacity (DHC) – Real Life Usage.”
 - 23) C. Seyffer (an Engineered Sytems article is coming out Aug or Sept. '08 “LEED & Air Filtration”
 - 24) C. Seyffer write an Insights summary of previous “LEED & Air Filtration”
 - 25) Nick Agopian/+ Chris Mueller + C. Seyffer) “How can we apply filtration to reduce Outdoor air with IAQ method” (also see #13?)
 - 26) Al Vatine (& David Matier) “Coalescence of of Rain water for Fractional Efficiency using particles(?)...is submitting for Power Industry summer '08.

A request for volunteer reviewers of articles made so that good information is provided by TC.
