

2020 - 2021

NAFA Annual Report

Mission Statement

To be the Global Source for Expertise, Education and Best Practices in Air Filtration.

About

The National Air Filtration Association (NAFA) is a nonprofit trade association. NAFA members include air filter and component manufacturers, sales and service companies, and HVAC and indoor air quality. Various programs include webinars, certification, publications, technical seminars and the Clean Air Award, which recognizes a facility's commitment to maintaining a clean and healthy indoor environment through effective air filtration.

2020 - 2021

- Published NAFA Guide to Air Filtration, 6th Ed.
- TECH2021 presented both virtually and in person
- 40 Clean Air Awards for 2021
- Produced webinars to allow members to stay on top of the latest air filtration developments during the pandemic
- Three NAFA Foundation Scholarship awarded
- Continuing education webinars produced

“It’s good to be back, presenting quality educational sessions and seeing old friends.”

2021 CLEAN AIR AWARD

This award program has been instituted by NAFA in order to promote and recognize the use of high efficiency filtration products and good maintenance practices. It will be presented for an outstanding effort in maintaining a clean and healthy indoor work environment, while reducing overall operating costs. NAFA hopes that by publicizing and recognizing the benefits and achievements of good filtration practices, it can foster and encourage similar practices in a larger number of facilities. The facilities receiving the Clean Air Award are:
