Clean Air Award Guidelines

PURPOSE The purpose of the Clean Air Award is to recognize leadership and excellence in air filtration by selected air filter users and to promote the National Air Filtration Association and its member companies.

AWARD Clean Air Awards will be presented to the recipient at the NAFA Annual convention. NAFA will assist award recipients in preparing press releases for local newspapers and will send a national press release to industry trade journals.

DOOR DECALS Each nomination will receive two (2) door decals. If you will need more, use order form below. Extras will not be available after the program is closed. Cost: \$2.00 each.

ELIGIBILITY Any facility or company that has demonstrated a concerted effort to provide a clean indoor environment by using proper air filtration products is eligible to be nominated. Nominations will be reviewed by the NAFA Clean Air Award Review Committee for final approval. The committee reserves the right to approve/deny any application based on the criteria set forth in this document.

CONFIDENTIALITY All nomination forms submitted will become property of NAFA and not shared or released to any entity without express permission of the submitting company. Information contained in the nomination forms will be used by NAFA for press releases to promote the Clean Air Award Program.

DEADLINE Nominations must be received no later than **August 1, 2022** and e-mailed to: nafa@nafahq.org

CRITERIA Award recipients are chosen through a multi-step review and judging process. NAFA Staff conducts an initial administrative review of all applications to ensure adherence to the entry requirements. Complete entries are then reviewed by the Clean Air Award Committee and judged.

POINT SCHEDULE FOR 2022 CLEAN AIR AWARD NOMINATION. In order to be considered for the 2022 Clean Air Award, each nominee must earn a minimum of 52 points using the criteria set forth in this document. In addition to achieving the minimum point requirement, nominations will be judged on their due diligence in providing a clean and healthy environment, use of best practice filtration technology, and the results/benefits must be clearly stated. **Filters must be installed in nominated facilities in order to qualify or apply for the Clean Air Award.**

PRESENTATION Award recipients in attendance will be recognized by the National Air Filtration Association at a special award ceremony held in Coeur d'Alene, Idaho at the Annual Convention, October 11-13, 2022 or at a virtual event should there be a cancellation. Awards are honorary and do not include monetary recognition.

CEU's NAFA Certified Personnel will receive two CEU's towards their recertification should their nomination be accepted.

CERTIFICATION I certify that the information provided in this nomination form, and in any attachments hereto, is true and complete. I understand that the National Air Filtration Association will rely on the information I have provided in reaching an award decision. I further understand that if my nomination is accepted and the information provided in this application is found to be false or incomplete, any award made may be revoked.
